

RoHS AND REACH CERTIFICATE OF COMPLIANCE

Date: 2nd September 2026

Parts Supplied to **Rotterdam Plastics B.V. & Tanks Direkt GmbH**

RoHS

Wydale Plastics Ltd declares that, based on information provided by our raw material and component suppliers and our review of the materials used in our products, the restricted substances listed below are not intentionally added and, where present as unavoidable impurities, do not exceed the applicable maximum concentration values in any homogeneous material, for products within the scope of RoHS.

- Cadmium (Cd): < 100 ppm (0.01%)
- Lead (Pb): < 1000 ppm (0.1%)
- Mercury (Hg): < 1000 ppm (0.1%)
- Hexavalent Chromium (Cr VI): < 1000 ppm (0.1%)
- Polybrominated Biphenyls (PBB): < 1000 ppm (0.1%)
- Polybrominated Diphenyl Ethers (PBDE): < 1000 ppm (0.1%)
- Bis(2-Ethylhexyl) phthalate (DEHP): < 1000 ppm (0.1%)
- Benzyl butyl phthalate (BBP): < 1000 ppm (0.1%)
- Dibutyl phthalate (DBP): < 1000 ppm (0.1%)
- Diisobutyl phthalate (DIBP): < 1000 ppm (0.1%)

REACH

Wydale Plastics Ltd declares that, based on information provided by our raw material and component suppliers and our review of the materials used in our products, the products manufactured by Wydale Plastics Ltd comply with the applicable requirements of REACH, to the extent stated below.

Wydale Plastics Ltd is a manufacturer of rotationally moulded products produced primarily in Polyethylene or Polypropylene. We have reviewed the substances listed as Substances of Very High Concern (SVHCs) on the current REACH Candidate Lists applicable to our markets. For the EU market, this is the Candidate List maintained by the European Chemicals Agency (ECHA) under Regulation (EC) No 1907/2006. For Great Britain, the UK REACH Candidate List applies. Where products are supplied into Northern Ireland, EU REACH applies.

Our review is based on the Candidate Lists applicable as at the date of this certificate, including the EU REACH Candidate List current at the date of issue and the current UK REACH Candidate List published by the UK Health and Safety Executive.

To the best of our knowledge, the products supplied by Wydale Plastics Ltd do not contain any SVHC from the applicable Candidate List at a concentration of 0.1% by weight or greater, unless specifically identified to the customer in accordance with the applicable REACH requirements.

This statement applies to the materials and products manufactured by Wydale Plastics Ltd and is based on information available to us at the date of issue. It will be reviewed when relevant regulatory changes or significant changes to our materials or suppliers occur.
