### IMPORTANT

The manufacturer in no way implies that the product to which this document refers is a WRAS Approved Product, it does however give the assurance that it is manufactured using WRAS Approved Material. The terms material and/or materials refer explicitly to the polyethylene as detailed; they do not apply to any other parts e.g. inserts, outlets, lids etc, which may be moulded-in and/or attached to the product. Unless otherwise agreed and authorised in writing by the manufacturer, only certificates issued by Wydale Plastics Ltd should be considered as valid. If you have any concerns regarding the authenticity of this document you are advised to contact the manufacturer immediately.

The manufacturer offers a Supply Only service and it is wholly the responsibility of the product user to ascertain and ensure suitability for its intended purpose and to adhere fully to all requirements regarding its safe use, storage, installation, filtration systems, service/maintenance programmes, and/or any legal regulations regarding its use that may apply. All dimensions and capacity details relating to the product are approximate. The manufacturer accepts no responsibility for any loss, damage or injury caused by negligent or improper use of the product and reserves the right, without prior consultation or notice, to amend all or any part thereof the details of this certificate as necessary.
